

J. Robert Kohler, Headmaster

February 2010

To All Future Customers of Libra-tech,

Please accept my highest recommendation for the services and products offered by Libra-tech.

Through the long and sometimes harried process of building and furnishing the our new Creative Learning Center at Good Shepherd Episcopal School this past year, the service provided by Libra-tech can only be described in one word; "Outstanding!"

Their staff met or exceeded our every deadline, the options they provided for design and furnishings were perfectly suited to our needs for our library, boardroom, classroom and building signage additions and the effort they expended to provide exceptional customer service went beyond our expectations.

The praise we receive from the users and visitors to our new facilities is further testament to their outstanding work. The Good Shepherd Episcopal School community will benefit from their efforts for years to come, and Libra-tech deserves our thanks and best recommendation without reservation.

Sincerely,
