To Whom It May Concern:

Libra-Tech Corporation was responsible for the shelving and furniture for the Christopher A. Parr Library in Plano, TX. Their skilled workers set up the shelving and workstations exactly to plan when the library opened in 2001.

Parr has been open for six years now and the Libra-Tech staff continues to be responsive to our questions and concerns. We have replaced some keyboard trays because of chipping and called about parts to repair chairs. In every instance, the service was reliable.

Penny and staff have impressed us with their attention and workmanship. Penny continues to drop by on occasion, to bring customers by or just to see how we are doing. I can say Libra-Tech was a great company for the Parr Library.

Sincerely,

A handwritten signature in black ink that reads "Sandra Gillman". The signature is written in a cursive style.

Sandra Gillman  
Library Manager
